Dr. Bronner specializes in:

- Diabetes Related Eye Disease
- Age Related Macular Degeneration

Make sure your eyes are getting the care they need, and you deserve.

“Dr. Bronner exceeds my expectation. His qualifications are impressive, but what impresses me the most is every time I see him he is so upbeat. He treats me like I am a long time friend. I have a great deal of respect for him. My relationship with Dr. Bronner is truly unique! I have never encountered such a unique medical professional before. I am so grateful for his compassionate care.”
